Issues Affecting Sustainability of Technical Activities AFRIMETS TC Chairs

Presented by: Thomas Mautjana

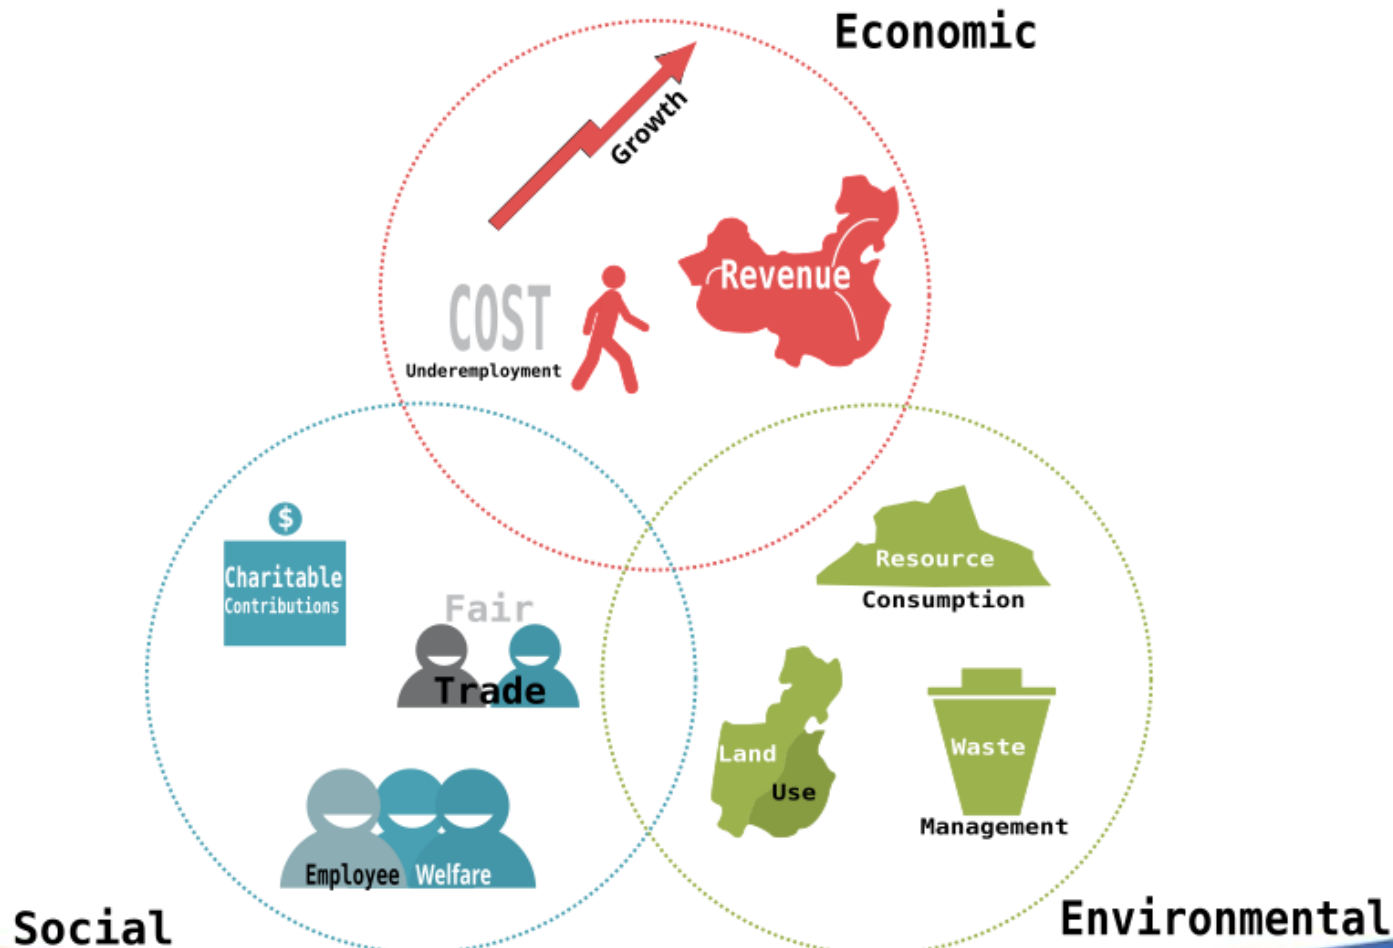

tmautjana@nmisa.org

31 July 2024

Nairobi, Kenya

Introduction

Sustainability: the principle of meeting our needs without compromising the ability of future generations to meet their needs

Funding and Financial Resources

- ❑ Review of quality management system
 - Traveling costs for reviewers

- ❑ Purchasing and transportation of artefacts
 - Restrictions of movements of goods/products between countries
 - Customs issues, shift in national or regional regulations

- ❑ Travel for technical members to attend meetings/conferences/workshops
 - Political and economic instability disrupt technical activities and cooperation among member states

**African Continental
Free Trade Area (AfCFTA)**

Funding and Financial Resources

- ❑ Collaborate on Development Projects at AFRIMETS and or TC level to address a common need
 - Share human resources , technologies, knowledge and expertise

**African Continental
Free Trade Area (AfCFTA)**

Human Resources

- ❑ Training and Knowledge Transfer Workshops
 - Workshops within TCs
 - Metrology school
 - Succession planning/ retaining talent
 - Annual Workshops with each GA
