### **UPDATES FOR JULY 2012/2013**

Reaccreditation of four laboratories by DAkkS (2013)

Pressure •

Mass •

Temperature •

Volume •

Balance (new accreditation) •

## Task for 2012/2013

Intercomparison for :

Pressure (200 MPa hydraulic)

Mass (100 mg, 2 mg, 20 mg, 500 mg and 10 kg)

Temperature (scope yet to be determined)

Mass and Pressure conducted –awaiting report

Temperature – yet to come on

Participating countries: Ghana, Ethiopia and Egypt.

## PTB

PTB assisted in the development of the accreditation laboratories

PTB has a bilateral project with Ghana

## NEW PTB PROJECT

- To improve capacity of moisture and humidity laboratory.
- To take care of the maize value chain against aflatoxins.
- To improve capacity of legal metrology along the maize value chain

## NEWMET

---

### ETHIOPIA

Mass, temperature, pressure and volume are accredited by DAkkS since July 2007.

Balance is made an assessment and electrical laboratory will be assessed in July 2013 by DAkkS.

Mass, temperature, pressure and volume of mobile calibration laboratory is assessed by Ethiopian National Accreditation Office (ENAO)
