Update on ongoing comparisons

- **AFRIMETS.EM-S1:**

- NMISA, LPEE/LNM, DEF-NAT, KEBS and NIS completed scheduled measurements.
- NMIE and UNBS still have to perform measurements

- **AFRIMETS.EM.RF-S1:**

- NMISA and DEF-NAT completed scheduled measurements.
- NIS requested to perform measurements during November 2017 after resolving measurement system problems.

2017-2018 TC-EM Strategy and executive committee members

- **Strategy:**
 - **Shorten measurement period by excluding NMIs that do not participate in TCEM activities from ongoing comparisons.**
 - **Offer metrology training to enhance capacity in member NMIs.**
- **Elections for executive committee will be held in 2019. Current executive committee members:**
 - **Chairperson: Alexander Matlejoane, NMISA, South Africa**
 - **Vice chairperson: Mohammed Helmy Abd El-Raouf, NIS, Egypt**
 - **Secretary: Abdellah ZITI, LPEE-LNM, Morocco**
 - **Vice secretary: Gibson Aguko, KEBS, Kenya**
